

In2Sport Sun Protection Policy

At In2Sport we are very aware of our responsibilities to protect our staff and children from the sun. We want all staff and children to enjoy the sun safely. We will work with staff, parents and carers to achieve this through:

Education

- All children will be involved in a discussion, appropriate for their age and understanding, at the start of the day about sun protection and regularly topping up their own sun cream.
- All staff will be educated in the importance of sun protection and the risks involved in not protecting both themselves and others – also what they should be looking for in children to ensure they are appropriately protected – red face, dehydrated.
- Parents and carers will be informed about our policy on sun protection

Shade

- Where certain areas of the play space get sunny, children will be discouraged from playing there in the very hot weather.

Timetabling

- Sessions will be kept to short sessions to avoid prolonged sessions in the sun.

Clothing

- All children will be actively encouraged to wear hats
- Parents should provide their children with sunhats
- Staff have agreed to wear hats in the garden to provide a positive role model for the children

Parents of children should apply sun cream to their child at home. Staff will remind children to reapply throughout the day as and when required.

- Parents are asked to give written permission for sun cream to be applied for those children that are at camp with us from 8.00-4.30pm.
- In2Sport will provide a known brand of sun cream for the children. This will be a minimum of factor 30. If parents have concerns over the brand used, they must provide their own clearly labelled with the child's name.
